

# Plastic!!!

Plastic, plastic everywhere!  
Plastic even in my hair!  
As a hairclip or a game.  
All these things they look the same.

Plastic, plastic everywhere!  
Please do take it with some care!  
Cause, plastic is not really good.  
Barbie, princess, Robin Hood,  
all these bodies made of plastic  
either strong or just elastic.

Plastic, plastic everywhere!  
But wait a moment, here and there!  
Plastic's going to kill US soon.  
We can't send it to the moon.

So don't buy any plastic rings  
It's better to buy golden things.

If everybody does the same,  
all kids would keep that in their brain!
